*For more details about Amy and her talk, see the next page. Even if you have heard Amy speak before, you will still take something positive away from her presentation.*

Passionate about **empowering** people, families, businesses, organisations, teams, workplaces and communities everywhere - Amy Scott (former lawyer) says

*"It's not rocket science - it is simply learning how not to rub people up the wrong way".*

Amy is a proud born & bred rural girl having grown up in Ranfurly, Central Otago New Zealand.

Whilst she's represented NZ in ice hockey, she's still not allowed to drive tractors! Following a career as a practising lawyer, Amy changed direction.

She has since had over 10 years experience as a communication consultant, speaker, trainer, mentor, coach and facilitator. She is recognised as one of New Zealand and Australia's most sought after speakers.

Amy is the world's most experienced "Dots" Communication facilitator. She's going to share a "Taste of Dots" with us in order that we can all understand how NOT to rub people up the wrong way. Amy is often invited back to workplaces to share "dots" with friends and family members of staff who have been dotted. Amy is energetic, entertaining and fun - this is a presentation that you will not want to miss! You'll be able to implement her tips for greater communication immediately.
